

EVENT PRODUCTION

*At The Heart of London,
At the Heart of Events*

WHO WE ARE

A sepia-toned photograph of two men working on a large array of stage lighting equipment. The man on the left, with a beard and headphones, is focused on adjusting a component. The man on the right is also working, and his dark long-sleeved shirt features a white 'HALO' logo with a circular graphic. The background shows a workshop or backstage area with various cables and equipment.

Halo Lighting has been powering the event industry in London for over 30 years. We combine design innovation, technical expertise and a comprehensive hire inventory to support a diverse range of events — Activations, corporate events, conferences, fashion shows, illuminations and more.

WHY WE ARE DIFFERENT

Central London Location

Visual Design Expertise

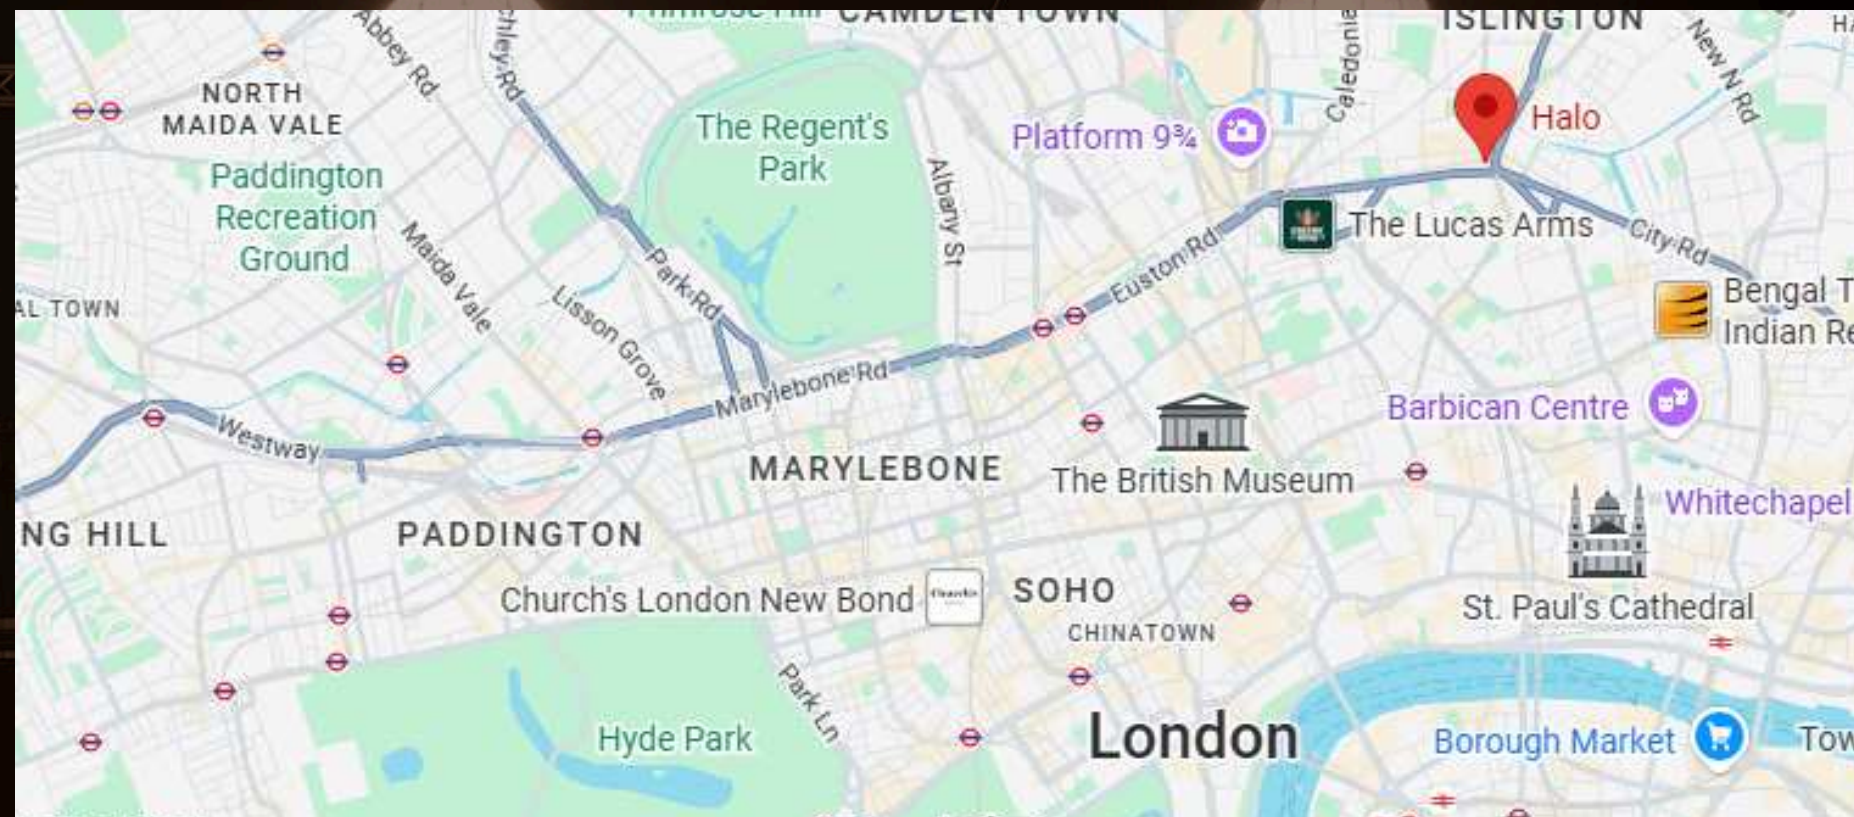

Cutting Edge Products

Customised Services

Unique Client Approach

Bespoke Fabrications

OUR CENTRAL LONDON LOCATION

We are based in Central London, less than 30mins away from most London venues, meaning we are quick to respond.

CUTTING EDGE PRODUCTS

Our extensive range includes the most advanced and modern equipment in their field.

OUR EXPERTISE

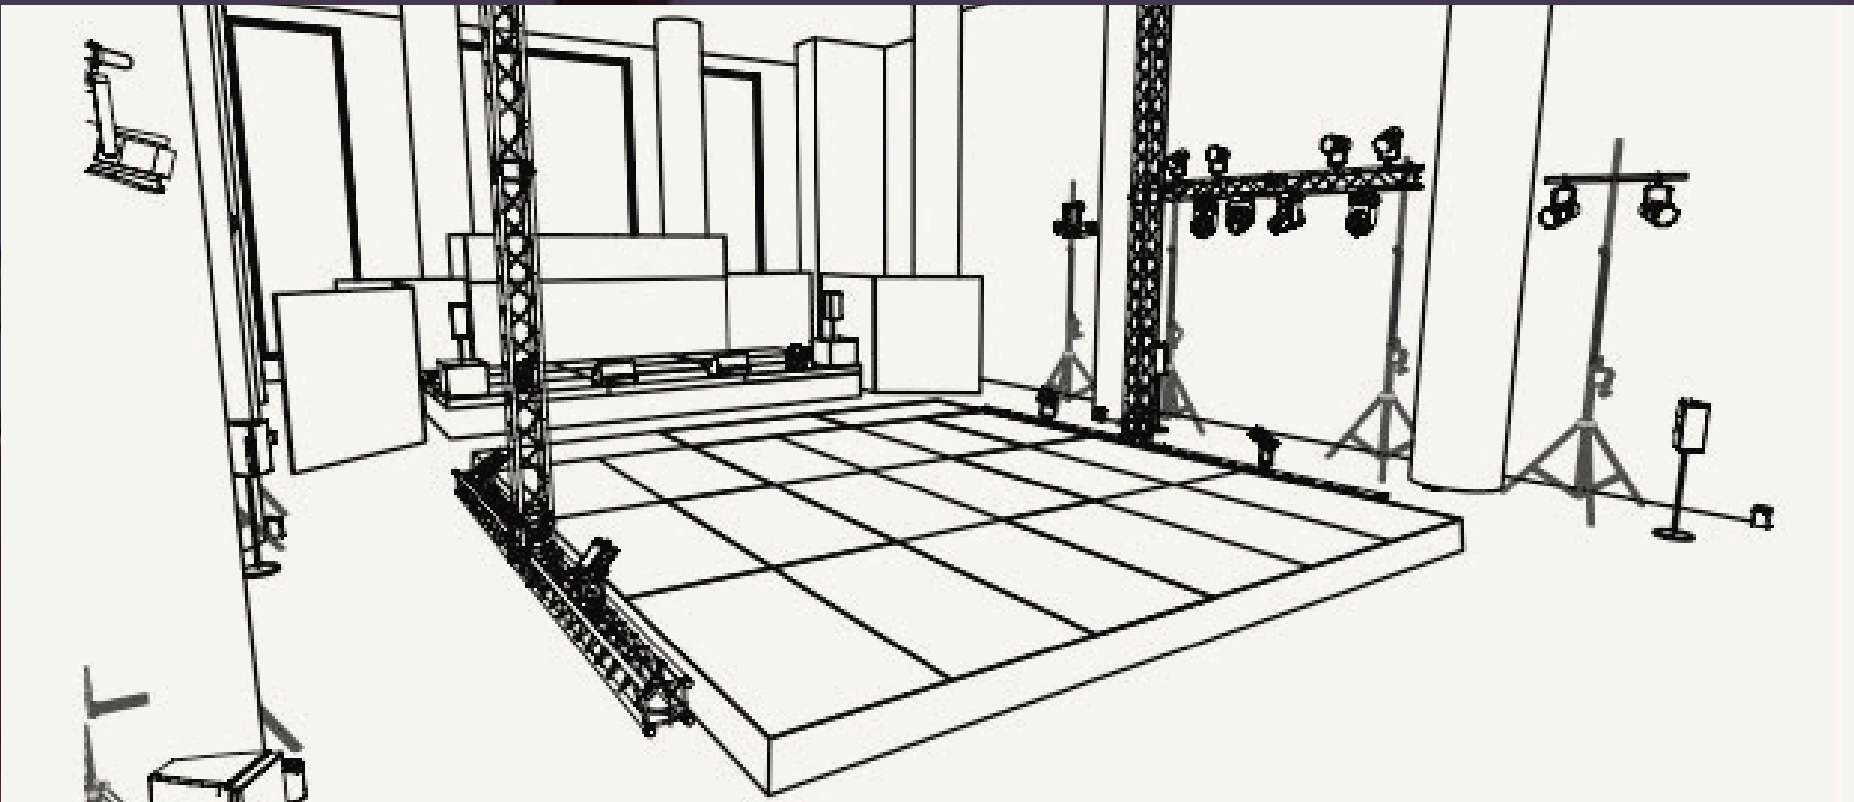

Each member of our team is an expert in their field, ensuring a streamlined, high-quality service across every stage of production, no matter the scale.

OUR CUSTOMISED SERVICES

We take specific and in-depth attention and care in each of our clients individually. With each client having their own personal project manager to focus on their events with meticulous precision.

VISUAL DESIGN EXPERTISE

Our team can digitally map and design every event space. This supports a highly collaborative process, allowing concepts to develop fluidly and improvements to be identified as you go.

OUR BESPOKE FABRICATIONS

Your build requirements will be designed and produced in house. Providing you with endless opportunities.

WHAT WE DO

Concept

We join from day one to shape ideas, explore possibilities, and make sure creative concepts translate smoothly into technical reality.

Design

From CAD drawings to pre-vis and high-end renders, we refine every creative and technical detail ahead of build.

Preparation

Our prep process covers it all: equipment testing, documentation, and pre-rig planning to guarantee flawless execution.

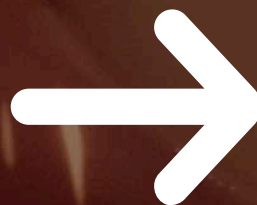

Delivery

From load-in to showtime, our team handles every technical element, making sure the finished result matches the creative vision exactly.

On-Site

During your event, our expert technicians will be on-site to operate the lighting, audio and AV.

De-Rig

After the event concludes, we'll derig the equipment, pack everything up and handle the logistics.

WEDDING AT MOTEL STUDIOS

 18/10/25

 Motel Studios

 Private Wedding

Our Brief: Working on behalf of a private client, Halo delivered a full wedding production across multiple rooms at Motel Studios, London. From DJ setup and microphones to carefully designed lighting throughout the venue, we provided a complete, seamless service; a perfect example of what bespoke wedding event production looks like in practice.

A couple's 
Lucky Day

46 
Lighting Fixtures

154 
Individual Products

Some of the products we used

Sparkulars: The ultimate special effect for weddings. A clean, safe, and spectacular alternative to traditional pyrotechnics. Whether for the first dance or a grand entrance, Sparkulars mark life's most important moments with genuine drama.

Robe LED Beam: A powerful beam fixture with an impressive zoom range and rapid pan and tilt movement, ideal for wedding event productions where dynamic, responsive lighting is needed across large or multi-room spaces

Chauvet Fresnel: A compact, energy-efficient fresnel with functional barn doors for precise light control. It's perfect for creating intimate, flattering pools of light in ceremony and reception spaces.

LiteDeck Staging: The industry's most trusted and versatile decking system. Used for staging, runways, podiums, and more; adaptable to any wedding venue layout.

ACTIVATIONS

BARBIE FILM PREMIERE

 11/07/23

 Tate Modern, Bankside

 Organic Publicity

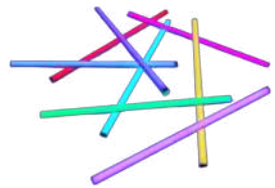

Our Brief: Halo was brought in to deliver full technical production for the Barbie London film premiere, collaborating with Havas Media UK and on-site set designers. This landmark experiential marketing production took place across three floors of the Turbine Hall at Tate Modern encompassing a cast dinner, after-party, and a fully immersive Barbie-themed experience. Working closely with the creative team, we translated the film's iconic colour palette and vibrant aesthetic into a cohesive lighting design that brought the world of Barbie to life.

100+ 
Shades of Pink

3 floors 
Of the Tate used

Some of the products we used

Asteria Helios Tubes: One of our most versatile lighting fixture deployable individually or combined to create bespoke lighting structures and designs. Ideal for sculpting immersive, themed environments.

D&B Sound System: Delivering exceptional, beautifully balanced audio without compromising the visual design of the space, the perfect sound solution for experiential marketing productions where aesthetics and atmosphere are equally important.

Mirror Balls: Far more than a party staple, mirror balls create a transformative visual aesthetic that is ideal for themed and immersive events. Halo's collection ranges from 30cm to 1m, offering the right scale for any space.

Showtec Helix M1000 Q4: A weatherproof, long-lasting battery-powered fixture, that gives our team the freedom to light any area of a venue without the constraints of cabling making it a useful fixture for product launches where there are a lot of guests.

CONFERENCES

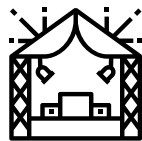

VW AWARD SHOW @ ABBEY ROAD

 12/03/2026

 Abbey Road Studios

 Deeper Blue

Our Brief: A VW award ceremony. Full production delivery for a 400-guest gala dinner and awards ceremony in the iconic Studio One. Scope included a main 6x3.5m LED video wall, four additional screens, d&b audio across two rooms, 95+ lighting fixtures, 36ft of staging and 90m of truss. End-to-end project management from brief to derig, with on-site challenges including last-minute storage reallocation and a 45-minute show overrun both resolved without event impact.

36 Feet

5 
LED Video Walls

Some of the products we used

Astera AX9 A powerful wireless LED tube offering full RGBWAUV colour mixing and a high output of up to 6,000 lumens, ideal for large-scale set dressing, architectural lighting and stage effects.

Indoor LED Screen: 2.3mm pixel pitch. Used for one main screen and 4 outer screens, Pre-equipped with the relevant videos for seamless execution.

Shure Axient Range: A professional wireless microphone system delivering exceptional RF reliability and audio clarity, designed for demanding live event environments where signal dropout is not an option.

Novastar MX40 LED Screen Processor: A compact yet powerful LED video processor providing seamless signal management and precise control of LED video walls, ensuring stable, high-quality visuals throughout the event.

CONFERENCES

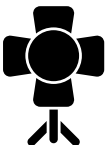

NETWORKING CONFERENCE

 04/01/24

 The Block, Angel

 The Events Club

Our Brief: We partnered with The Events Club to produce a conference and networking event at The Block, London. Across two floors, we delivered full staging, lighting, AV, and audio solutions for a main presentation room and multiple breakout rooms — a seamless single-supplier setup from start to finish.

Full 
Lighting set-up

8 
TVs used

1X 
All-in-one mic package

Some of the products we used

Robe PATT 2013: With a distinctive retro aesthetic, the Robe PATT 2013 is ideal for filling large rooms with warm halogen light while maintaining a polished, professional look.

Lectern With Mic: We supplied a fully integrated lectern and mic setup as part of our all-in-one package — exactly the kind of detail that makes Halo a trusted partner for corporate event production in London.

Pioneer DJM-V10: A sleek, professional-grade mixer with a fully analogue signal path, delivering a notably warmer sound. Ideal for transitions between sessions and evening networking.

75" LG 4K TV Screen: We supply large format 4K screens for presentations, branding, and content display. Versatile across all areas of a corporate event.

CHRISTMAS PARTIES

CHRISTMAS PARTY @ VINOPOLIS

 20/12/15

 Bank

 Vinopolis

Our Brief: We lit a Christmas Party for Vinopolis. We have perfected Christmas parties over the years, with our range of lighting and gobos being the perfect blend to create an ideal Christmas theme.

12 

Months in the waiting

Multiple 
Custom Gobos

50 
Fake Snowballs

Some of the products we used

Custom Gobos: We can custom make gobos with your logo or design.

Astera PixelBrick: Small fixtures. Comes in pack of 8 which means they can be shaped to form clusters, creating compelling effects.

Chauvet COREpar: The COREpar produces a full spectrum of light with colour mixing. Versatile, perfect for any event.

Gobo Projector: A quiet, cool running, energy saving projector. Easy to set up and use. Used to project the gobos.

CHRISTMAS SHOWCASE

CHRISTMAS CORPORATE SHOWCASE

 02/07/26

 Hoxton

 Motel Studios

Our Brief: To start gearing up for the Christmas Party period, Motel decided to do a showcase on what their beautiful parties would look like during the festive period. They enlisted halo's help on all 3 of their studios to create the Christmas feel.

Some of the products we used

Avolites D3-110 Desk: Sleek, professional and modern lighting desk. With upgraded capabilities and functions to the previous models.

Astera Tubes: From hyperions to titan tubes, Astera tube are a must for lighting up props at Christmas parties.

Goalpost Truss: The Perfect truss design for a DJ booth. The 'goalpost' design allows moving heads to be placed all around the desk.

Chauvet Colorband: Useful for width. For this production we used it for the step and repeat.

CORPORATE ENTERTAINMENT

GALA DINNER AT ABBEY ROAD STUDIOS

 03/10/25

 Abbey Road Studios

 We Are Family Foundation

Our Brief: We were invited to deliver full production for the We Are Family Foundation's charity gala at the iconic Abbey Road; a quintessential evening of drinks, dining, and an awards ceremony. Halo provided a comprehensive production setup, blending atmosphere, technical precision, and a wide range of premium equipment to create a truly memorable night.

38,000

Some of the products we used

Ayrton Eurus Moving Head: Our most versatile moving head fixture. A reliable, high-performance profile that consistently delivers and adds professionalism - exactly what a premium event demands.

Astera AX2 PixelBars: Offering ultra-high colour rendering, digital colour calibration, and individually addressed LEDs, the PixelBar brings precision and vibrancy to any gala dinner production. Ideal for washing stages, backdrops, and architectural features.

Portman P3 Pix3l: A three-channel fixture widely used in scenography for its distinctive decorative aesthetic. Perfect for adding visual texture and character to gala dinner settings.

SHURE Axient Wireless Mic System: A professional-grade wireless system supporting multiple simultaneous users; trusted across the industry for its reliability and exceptional audio quality during speeches, presentations, and awards ceremonies.

FASHION

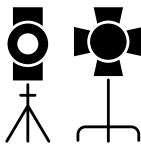

LONDON FASHION WEEK

 19/09/25

 Christ Church, Spitafields

 Jera Creative Agency

Our Brief: Commissioned by Jera Creative Agency, we transformed a London church into a dramatic runway space for Vietnamese fashion designers Tran Hung and Montsan. We delivered a full production setup including runway construction, LED screens, and stage lighting; turning a unique architectural venue into a striking backdrop that let the collections take centre stage.

44

Some of the products we used

Chauvet Ovation E910 FC: A professional-grade lighting unit trusted across high-end events. It delivers exceptional coverage and colour quality across large spaces.

Astera AX9 PowerPar: A powerful, long-lasting battery fixture, ideal where cabling isn't practical, but impact is non-negotiable.

Drapes: The unsung hero of any fashion show. Very versatile, our drapes define and divide spaces, conceal dressing areas, and frame the runway, essential for any creative event production agency working in non-traditional venues.

Freedom Hex 4 Uplighters: Our go-to uplighter for architectural venues. Perfect for drawing attention to beautiful structural details and adding depth and drama to unique spaces.

ILLUMINATIONS

KINGS CROSS 200th ANNIVERSARY

 26/09/25

 Kings Cross Station

 Network Rail

Our Brief: Network Rail commissioned Halo to illuminate the iconic façade of King's Cross Station in celebration of 200 years since the UK's first railway. We projected a curated sequence of train history footage alongside the Network Rail 200-year anniversary logo onto the station's exterior a landmark moment that required both technical precision and creative sensitivity to do justice to such a significant occasion.

3 
Days of Illumination

800

Beers Drunk 

Some of the products we used

Outdoor LED Screen Along with our indoor LED range, we have LED screens that are IP rated and can be utilised outdoors. With a pitch of 3.9mm for HD viewing from afar.

7500L Panasonic HD Projector: One of our most reliable projectors for its price point, clear visuals and long-lasting light.

Hoists: We use hoists to keep all of our products hanging - whether that lighting or LED screens.

Truss: We provide full truss packages that include all accessories and everything you need for set-up.

FILM & VIDEO SHOOTS

SIDEMEN VIDEO SHOOT

 14/08/24

 The Rogue Room, Shoreditch

 Visuals By Jay

Our Brief: Halo was brought in by Visuals by Jay to produce the technical setup for a video starring British YouTube super-group The Sidemen, centred around a pro wrestling theme. The brief called for a high-energy, authentic wrestling show aesthetic without compromising the production quality demanded by a shoot of this calibre. We drew on the full breadth of our video production lighting, LED, and special effects catalogue to deliver a visually striking result.

7.7 Million

SOCIAL IMPACT AND CORPORATE RESPONSIBILITY

Socially, environmentally and through our charity partnerships – Halo makes a difference. We believe that as a company, there are countless ways in which we can have a positive impact on our society and it is our duty to do so.

Yann Guenancia, M.D.

Our values include building a carbon-neutral future. We carefully select suppliers who share our commitment to sustainability and continually refine our own processes to minimise our environmental impact.

We also believe in giving back. Through partnerships with local charities, we support community initiatives that create meaningful, positive change.
